Attorney's Docket No.: 12732-086001 / US5370

C3  
Concl'd

a plurality of source signal lines for supplying signals to the switching element; and  
a plurality of power supply lines for supplying potentials to the light emitting element,  
wherein at least one of the plurality of source signal lines comprises a first conductor and  
a first conductive coating on upper and side surfaces of the first conductor, and  
wherein at least one of the plurality of power supply lines comprises a second conductor  
and a second conductive coating on upper and side surfaces of the second conductor. --
